

## COVID19 Statement of Commitment Envision Counselling Services

Envision Counselling Services is committed to ensuring the health and safety of clients and workers and to reducing the spread of COVID19.

During the pandemic, Envision Counselling Services followed the legislated requirements under the "Reopening of Ontario Act", an emergency legislation used to guide business operations.

Effective March 21, 2022, the province of Ontario repealed the "Reopening of Ontario Act" allowing most businesses in Ontario to determine which COVID protocols and practices work best for them.

Envision Counselling Services will continue to meet the needs of clients while taking steps to reduce the risks to clients and workers. Therefore:

- Counsellors and clients who are sick must stay home until they are free from symptoms.
- Clients will continue to be screened for COVID19 prior to their appointment.
- Counsellors will continue to operate with flexible work schedules in order to reduce the numbers of counsellors working at the same time.
- Virtual counselling and online payment as options remain available for clients.
- Facial coverings are now optional for clients and counsellors; however, clients may request their counsellor to wear a facial covering.
- This 'COVID19 Statement of Commitment' is not meant to replace safety measures as outlined in our previous COVID19 Safety Plan.

Envision Counselling Services will continue to follow the advice of the Algoma Public Health Unit and encourage clients to contact the APHU at: 705-759-5404 or 1-866-892-0172 ext. 5404 or www.Algomapublichealth.com with questions pertaining to COVID19.

As we continue to adapt to meet the changing requirements, we welcome your feedback into how our services may be improved. Please contact Taylor McAllister at: [taylor@envisionsm.com](mailto:taylor@envisionsm.com)
